# ABOUT US

## CREATING A SAFE AND JOYFUL WORLD FOR CHILDREN

- **A Story Built on Passion** – Our journey began in 1994 with a small production of polyurethane toys. In 2007, we founded **DYNAMIS s.r.o.** to fully dedicate ourselves to creating products that bring children joy, comfort, and safety.
- **For Places Where Children Learn, Grow, and Explore** – Our products help shape warm and inspiring environments in schools, family and parent centers, hospitals, and all facilities that care about children's happiness and well-being.
- **Safety You Can Trust** – We use only **non-toxic, hypoallergenic, EU-certified materials**, because children's health and safety are always our highest priority.
- **Quality That Withstands Every Adventure** – Our products combine attractive design, durability, and easy maintenance. Each piece is created to support play, movement, creativity, and the joy of discovery.
- **We Bring Your Ideas to Life** – We listen to our customers. Based on your feedback, we design and develop **new, original products**, offer **small-series production**, and tailor solutions to your needs.
- **Helping You Create Spaces Children Love** – We are happy to assist with designing and furnishing child-friendly environments that are not only functional, but also beautiful, inspiring, and full of positive energy.
